

# SOURABH MEENA

Full-Stack Developer · UI/UX Designer · DSA Mentor

+91 831 9238 099 | workforsourabhme@gmail.com | linkedin.com/in/enggsourabhmeena2027 | Indore, MP

## PROFESSIONAL SUMMARY

Third-year B.Tech IT student at IIST Indore with hands-on expertise in full-stack web development (React.js, Node.js, REST APIs), Data Structures & Algorithms, and AI integration. Delivered production-grade applications addressing real-world problems. Proven leadership as a Google Student Developer Community Core Member and IIT Delhi EDC Campus Ambassador, with strong communication and collaborative skills suited for fast-paced software engineering environments.

## TECHNICAL SKILLS

**Languages:** Java, JavaScript, TypeScript, C, C++, Python, SQL

**Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Bootstrap

**Backend:** Node.js, Express.js, REST APIs, FastAPI, AI Integration

**Database:** MongoDB, MySQL — schema design, querying, CRUD operations

**CS Fundamentals:** Data Structures & Algorithms, OOP, DBMS, Operating Systems

**Tools:** Git, GitHub, Figma, Postman, VS Code, Vercel, Render

## EXPERIENCE

**Teaching Assistant — DSA in Java · Apna College (Jainemo Pvt. Ltd.)**

Aug 2025 – Dec 2025

- Mentored students in Data Structures & Algorithms using Java; conducted structured doubt-resolution sessions to strengthen problem-solving and coding confidence.

**Campus Ambassador · Entrepreneurship Development Cell, IIT Delhi**

Dec 2025 – Jan 2026

- Led outreach campaigns and digital engagement drives, promoting innovation and entrepreneurship awareness across 100+ students.

## PROJECTS

**InterviewAI — AI-Powered Virtual Interview Simulator**

React.js · Node.js · MongoDB · Socket.io · Gemini API · WebRTC

- Architected a real-time interview platform integrating WebRTC for live video sessions and Socket.io for bidirectional communication, demonstrating strong full-stack and system design skills.
- Leveraged the Gemini API to analyze facial expressions, confidence levels, and voice tone, generating actionable performance reports with comparative analytics.

**CivicConnect — AI-Based Civic Issue Reporting Platform**

React.js · Node.js · MongoDB · PWA · GPS API · AI Integration

- Developed a Progressive Web App enabling citizens to report civic issues via photo/voice input with GPS tagging, applying real-world software development and problem-solving skills.
- Built a real-time tracking dashboard using React.js with live status updates, reflecting strong frontend development and user-centric design thinking.

**AI-Powered Hackathon Teammate Matcher**

React.js · FastAPI · MongoDB · Python · AI Integration

- Built an AI-powered full-stack platform to recommend compatible hackathon teammates using profile similarity and role-based matching logic, applying OOP design and algorithm-driven scoring.
- Developed a smart team analysis engine using FastAPI and Python to identify missing roles and generate balanced team compositions — demonstrating DBMS design, REST API development, and collaborative thinking.

## EDUCATION

**Bachelor of Technology — Information Technology · IIST Indore, Indore MP**

2023 – 2027

Relevant Coursework: Data Structures & Algorithms, DBMS, Object-Oriented Programming, Web Development, Operating Systems

## LEADERSHIP & ACHIEVEMENTS

- Core Member, Google Student Developer Community — mentor peers in coding, project building, and career development.
- Campus Ambassador, IIT Delhi EDC — led student engagement programs and entrepreneurship awareness drives across campus.
- Represented college chess team at State-Level Nodal Chess Championship — demonstrates strategic thinking and discipline.
- Regularly practice problem-solving and project development to strengthen software engineering fundamentals.
